

12th Annual CBGS Science Symposium: Directions to VCU (Cars)

The CBGS Science Symposium will be held at the VCU Student Commons at 907 Floyd Avenue. Directions and map are below. Please allow plenty of time for parking and hiking. Many of the streets are one-way (indicated by arrows on attached map).

Directions from I-64 Westbound:

1. Take 64 West to 95 North. Do not merge into traffic; stay in right lane and exit on 76A.
2. Go to the top of the ramp staying in left lane. Turn left at the light (onto Chamberlayne Pkwy) and cross over 95/64.
3. Take your next right onto St Peter St. It is a very small and short road, a city street, but buses should be able to negotiate it OK.
4. Take your next right onto W Leigh St.
5. Go to stop light (be in left lane) and turn left onto Belvidere. Belvidere is also Route 301 and Route 1.
6. Follow Belvidere for about 0.7 miles (you will cross over Broad St). Get into right lane after Broad.
7. You will come up to Monroe Park (on you right). Be sure you are in the right lane so you can turn right onto Main St at the far end of the park.
8. Turn right onto W Main St (also VA 147 S; one-way).
9. You WILL NOT be able to park at the West Main Street Parking garage (closed for cash collection on the weekends). However, there should be plenty of street-parking available. Only be careful – some of the parking zones have time limits, that are treated very seriously by the VCU Parking and Transportation Services.
10. Cary Street (and adjacent streets) has free, long-term parking available – worth trying.

Directions from I-95 Southbound:

1. Take exit 76B. Turn left onto W Leigh St, then an immediate right onto Belvidere. Now proceed with step #6 above.
